

## Marshalltown, Iowa High School

### Auxiliary Gym and Wrestling Additions

#### Draft - GOALS FOR SUCCESS:

1. High quality student athletic facility that will enhance the Round House.
2. Bring the wrestling team back to the High School. (Wrestling practices at another facility, MLA.)
3. Economic development as well as improving student's schedules and maintaining an iconic standard.
4. Maintain the collaboration and communication with both the School District and the public.
5. Restore the community's confidence in the School Districts' decisions with a quality building.
6. Complete the project within the established budget with minimal changes.
7. Provide sufficient facilities to meet the needs for both practice and competition.
  - a. Currently have 6 games a night split between two facilities making it difficult for parents when they have kids participating at both sites.
  - b. Physical Education requires area for 4 classes.
  - c. Match the facilities of peers in the region. (East and West Marshall have two gyms.)
  - d. Wrestling handled at MLA which conflicts with MLA's programs. Mat transport an issue.
8. Functional facility built on time and at budget that is of high quality and affordable.
9. Collaboration between the community, education and athletics. Current situation takes gym away from the community. We need to compete with other 4A schools.
